what are the right and wrong ways to propose marriage what do the characters call each other and why and which important austen characters never speak in twenty short chapters each of which answers a question prompted by jane austen s novels john mullan illuminates the themes that matter most to the workings of austen s fiction inspired by an enthusiastic reader s curiosity based on a lifetime s study and written with flair and insight what matters in jane austen uncovers the hidden truth about an extraordinary fictional world

derek parfit presents the third volume of on what matters his landmark work of moral philosophy parfit develops further his influential treatment of reasons normativity the meaning of moral discourse and the status of morality he engages with his critics and shows the way to resolution of their differences this volume is partly about what it is for things to matter in the sense that we all have reasons to care about these things much of the book discusses three of the main kinds of meta ethical theory normative naturalism quasi realist expressivism and non metaphysical non naturalism which derek parfit now calls non realist cognitivism this third theory claims that if we use the word reality in an ontologically weighty sense irreducibly normative truths have no mysterious or incredible ontological implications if instead we use reality in a wide sense according to which all truths are truths about reality this theory claims that some non empirically discoverable truths such as logical mathematical modal and some normative truths raise no difficult ontological questions parfit discusses these theories partly by commenting on the views of some of the contributors to peter singer s collection does anything really matter parfit on objectivity though peter railton is a naturalist he has widened

his view by accepting some further claims and he has suggested that this wider version of naturalism could be combined with non realist cognitivism parfit argues that railton is right since these theories no longer deeply disagree though allan gibbard is a quasi realist expressivist he has suggested that the best version of his view could be combined with non realist cognitivism parfit argues that gibbard is right since gibbard and he now accept the other s main meta ethical claim it is rare for three such different philosophical theories to be able to be widened in ways that resolve their deepest disagreements this happy convergence supports the view that these meta ethical theories are true parfit also discusses the views of several other philosophers and some other meta ethical and normative questions

epdf and epub are available open access under cc by nc nd licence this publication was supported by university of essex s open access fund peter appleton builds on research interviews with care experienced young adults and on cross disciplinary theories of planning and of emotions to develop a model of planning for young people leaving care
